

include/barry/models
/geese/geese-meat-likelihood.hpp

```
graph BT; A["include/barry/models<br/>/geese/geese-meat-likelihood.hpp"] --> B["include/barry/models<br/>/geese.hpp"]
```

A diagram illustrating an include relationship between two header files. At the top is a gray rectangular box containing the text 'include/barry/models' and '/geese/geese-meat-likelihood.hpp'. Below this box is a white rectangular box containing the text 'include/barry/models' and '/geese.hpp'. A blue arrow points upwards from the white box to the gray box, indicating that the file in the white box includes the file in the gray box.
