

include/barry/models
/geese/flock-bones.hpp

```
graph BT; A["include/barry/models<br>/geese.hpp"] --> B["include/barry/models<br>/geese/flock-bones.hpp"]
```

A diagram illustrating an include relationship between two header files. It consists of two rectangular boxes. The top box is shaded gray and contains the text "include/barry/models" followed by "/geese/flock-bones.hpp" on the next line. The bottom box is white and contains the text "include/barry/models" followed by "/geese.hpp" on the next line. A blue arrow points vertically from the top of the bottom box to the bottom of the top box, indicating that the bottom file includes the top file.
